## BACK TO SCHOOL SAFELY: CYBERSECURITY FOR K-12 SCHOOLS FACT SHEET

On August 8, 2023, the Biden-Harris Administration hosted a special K-12 cybersecurity event entitled, Back to School Safely: Cybersecurity for K-12 Schools. The event featured remarks by federal, school system, and private sector leaders and the announcement of several new initiatives and resources to help school systems defend their communities from emerging cybersecurity threats. The official White House statement summarizes key resources and commitments: "[Biden-Harris Administration Launches New Efforts to Strengthen America's K-12 Schools' Cybersecurity](#)"

Announcements and resources related to this convening are compiled below in several categories, including:

- Information about the *Back to School Safely: Cybersecurity for K-12 Schools* White House Summit itself
- New U.S. Department of Education (ED) commitments and resources
- New U.S. Cybersecurity and Infrastructure Security Agency (CISA) commitments and resources
- New private sector commitments and resources
- Statements of support from K-12 organizations and associations

While more announcements were made than are compiled below, only significant new commitments and resources are highlighted. This fact sheet will be updated periodically as new information becomes available.

## BACK TO SCHOOL SAFELY: CYBERSECURITY FOR K-12 SCHOOLS FACT SHEET

### U.S. Department of Education Commitments/Resources

The Office of Elementary and Secondary Education, U.S. Department of Education (ED) is designated as the K-12 sector's [Sector Risk Management Agency](#) (SRMA). As such, ED is tasked with building the mechanisms to collaborate with K-12 education organizations and agencies to identify, understand, and mitigate threats, vulnerabilities, and risks facing the sector. At the urging of the U.S. Government Accountability Office<sup>1</sup>—and in partnership with CISA—ED committed to taking steps to enhance its cybersecurity risk management support for school systems nationwide.

- U.S. Department of Education Summary: "[U.S. Department of Education Announces Key K-12 Cybersecurity Resilience Efforts](#)"
- NEW commitment: ED will convene a K-12 sector [Government Coordinating Council](#) to "coordinate activities, policy, and communications between federal, state, local, tribal, and territorial governments that strengthen the cyber defenses and resilience of K-12 schools."
- NEW guidance: Joint US Department of Education and CISA guidance: "[K-12 Digital Infrastructure Brief: Defensible and Resilient](#)" (direct: [here](#))

### U.S. Cybersecurity and Infrastructure Security Agency (CISA) Commitments/Resources

As the nation's cyber defense agency and the National Coordinator for critical infrastructure security and resilience, CISA is charged with understanding, managing, and reducing risk to the cyber and physical infrastructure Americans rely on every hour of every day, including supporting the K-12 sector. In partnership with ED, CISA committed to expand on free services they provide to the K-12 sector, including risk assessments and tabletop exercises. [See here for a comprehensive list](#) of no-cost cybersecurity resources and tools compiled by CISA and/or [contact your CISA regional office](#) for more information.
