Toniebox Audio Learning System is an edtech game-changer for PreK-2nd grade classrooms. An imagination-building, screen-free digital learning experience that encourages independent, play-based learning. It builds listening, comprehension and early literacy, and includes a Toniebox speaker with a content library of stories, songs, facts and custom audio.

TRANSEO

BOOTH 207

954 S Madison St
Hinsdale, IL 60521

www.gotranseo.com

Transeo was built by educators for educators. Our founders were frustrated with a siloed education system and the amount of time wasted on paperwork. Collaboration was a challenge and students were falling through the cracks. We began with a simple problem: why did we spend so much time digging through pieces of paper, managing endless spreadsheets and playing hours of phone-tag? When searching for a better way to prepare students for success, we found no solutions. Transeo was born out of this real educational struggle.
